Small Reverse Shoulder

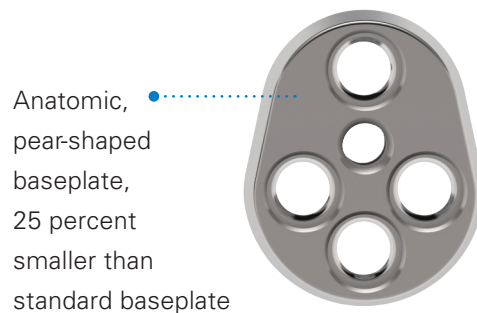

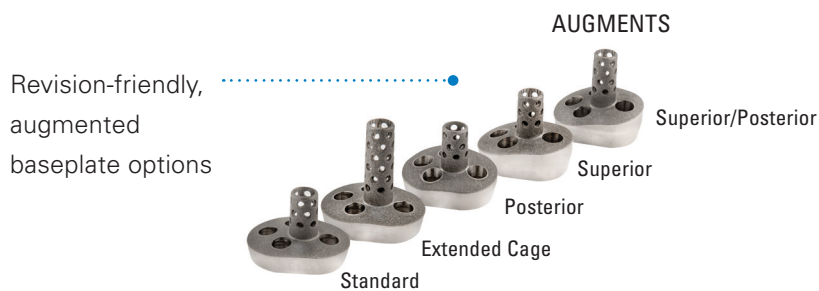

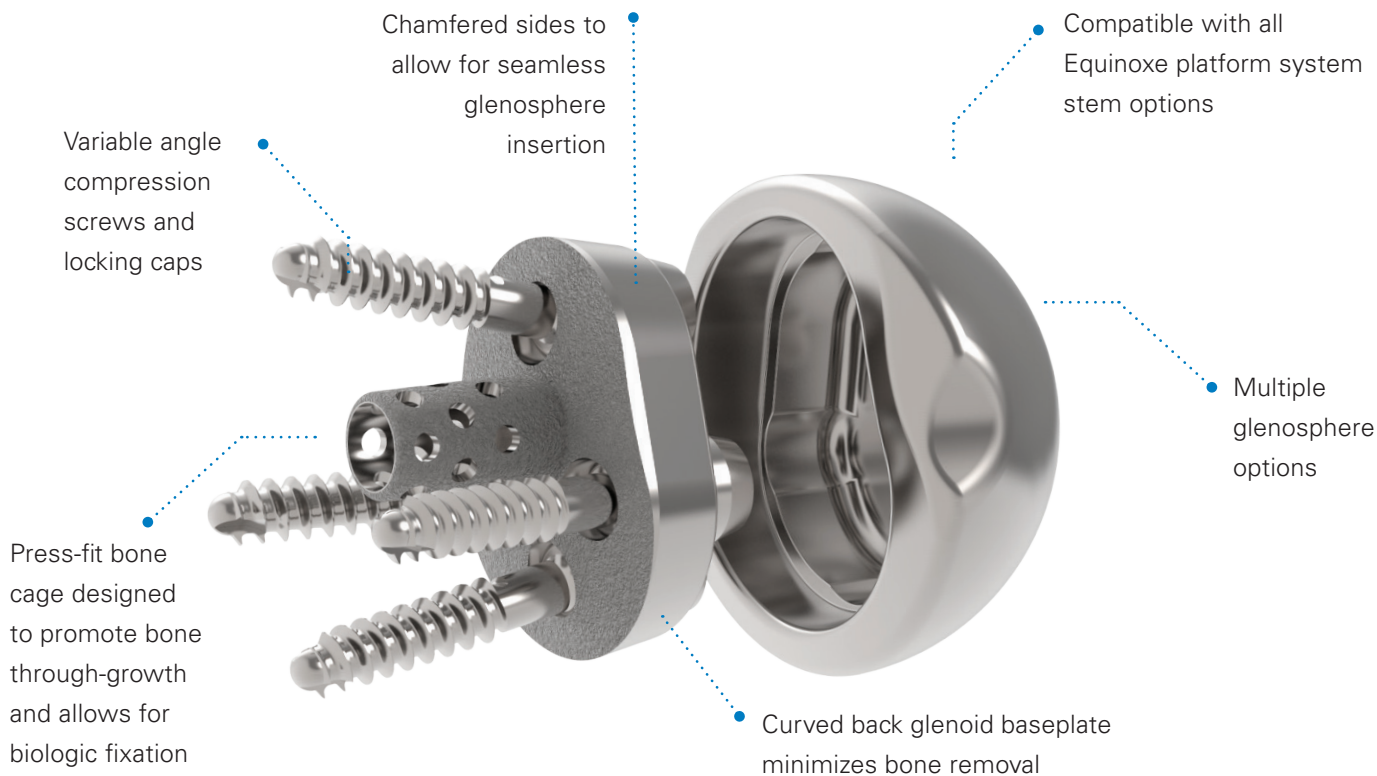

Surgeon focused. Patient driven.[™] **Exactech[®]**

INNOVATION CONTINUES.

Exactech continues the Equinnox® Shoulder System's innovative glenoid solutions with the introduction of the Small Reverse Shoulder. Based on a proprietary CT analysis, this unique implant is designed to treat patients with a small glenohumeral anatomy while incorporating the key design features from the Equinnox Shoulder System.

Exactech, Inc. is proud to have offices and distributors around the globe. For more information about Exactech products available in your country, please visit www.exac.com.
